

**Director General K Natarajan, PTM, TM, Indian Coast Guard Formally
Launched 'Online Jet Fuel Accounting System' (OJAS)**

Director General K Natarajan, PTM, TM, Indian Coast Guard has formally launched the Online Jet Fuel Accounting System 'OJAS' at Coast Guard Headquarters at New Delhi on 03 Feb 2020.

The software is an online web based application integrated with TULIP system of CDA (CG), with an objective of online submission of Aviation Turbine Fuel bills. Facilitating, speedy accounting and clearance of bills to reduce the billing cycle and expeditious payment. The initiative has evolved under the concept of "Mission Digital India".

During the launch, DGICG highlighted it as a milestone achievement and complimented all stake holders, especially CDA(CG) and M/s IOCL for their association with ICG in completing the project in a time bound manner. Further DGICG laid emphasis that similar application be developed for surface platforms PAN ICG for accounting of LSHFHSD fuel.
